1. Chinese Communists state that taking Taiwan is the first priority objective. Action against Indochina will await the Taiwan assault because Soviet advisers are opposed to activity against Indochina at the present time [REDACTED]
2. Conscription has ceased in all but CHEN Yi's area, where the numbers drafted are still being increased. The Communists plan an invasion force of one million and are prepared for 70 percent losses.
3. Amphibious training originally carried out in the Tai Lake area was recently moved to the Fukien coast because of an outbreak of illness supposedly caused by polluted lake water. Troops are given daily training in swimming and in handling small boats.
4. The Communists will not employ their air force until they are ready to invade Taiwan.
